The Central Java Regency of Sidoarjo is a district in the Central Java Province in Indonesia. The Regency is located on the slope of Mount Halimunjung and is part of the Jambi Province of Sumatra. The population in the regency as at the 2010 Census was 1,927,614. The regency is bisected by the Sangiang River, which forms the border with Palembang. In the east are the Ijo Mountains, the mountains that form the border with Jambi Province. In the west are the Lebak Mountains, which form the border with Magelang. The land is lowland tropical rainforest, the largest remaining in Central Java. The climate is tropical wet and dry climate. The average temperature is 23.5 degree Celsius. The average annual precipitation is 1520mm. The dominant vegetation is lowland dipterocarp forests. Mount Halimunjung, with an elevation of 1,835 meters above sea level, is the highest point in the regency. The higher altitude is believed to help reduce the incidence of malaria. Economy The regency is an area of palm oil plantations, which are the backbone of the economy. The regency's per capita income is 50% of the national average. The regency is the third largest palm oil producer in Indonesia. The regency produces 70% of the national output. The regency also produces rice, tea, coffee and cocoa. Its industry is largely dominated by joint-ventures between local entrepreneurs and regional and international firms, and the government-owned company Pertamina. The regency is the first in the country to be connected to a planned nationwide high-speed railway line. The airport in Cilacap is a hub for Garuda Indonesia. Jakarta, the capital of Indonesia, is located in the regency's western part. Geography The regency is located at. It is bordered by other regencies and the regencies of Magelang to the north, Klaten to the east, Tulungagung to the southeast, Depok to the southwest, and Kutai Kartanegara to the west. It has a total area of. The regency is divided into four districts, three of which are further divided into subdistricts. The regency is bisected by the Sangiang River, which forms the border with Palembang. In the east are the Ijo Mountains, the mountains
