Use the KeyMacro input for quick presets, change to manual controls, or assign the virtual controls to control other modules. REVERB Description: Delay and reverb time can be set with three controls. The control provides the amount of reverb to apply to the sound. The LFO modulator controls the amount of frequency modulation. The S&H control helps balance the slow and fast portions of a sound. The REVERB level meter shows the output level. ADSR Description: All of the ADSR effects (flanger, phaser, etc.) can be controlled with the key-macro button. This will save you from having to use the mouse to cycle through the various controls. Drummer Description: The Drummer module is a classic LFO-based synthesizer that includes a 16-voice polyphonic sequencer and a dynamic percussion engine. Various LFO's, mixer, and an LFO envelope generator can be assigned to control these sounds. NOTE: The free sample file is 64 samples in length (64 steps). The sampler can be loaded via the i-Rig MIDI Out port. Drummer-X Description: The Drummer-X module is a classic virtual analog synthesizer. The Drummer-X includes a 16-voice polyphonic sequencer, a dedicated arpeggiator, and a dynamic percussion engine. Various LFO's, mixer, and an LFO envelope generator can be assigned to control these sounds. NOTE: The free sample file is 64 samples in length (64 steps). The sampler can be loaded via the i-Rig MIDI Out port. DeepDrummer Description: The DeepDrummer module is a classic analog synthesizer that includes a 16-voice polyphonic sequencer, arpeggiator, and a dynamic percussion engine. Various LFO's, mixer, and an LFO envelope generator can be assigned to control these sounds. NOTE: The free sample file is 64 samples in length (64 steps). The sampler can be loaded via the i-Rig MIDI Out port. XTube 9 Description: This is a fully optimized version of the XTube 3 synthesizer module. The major changes are the addition of the XTube 9 sample loader, an updated interface, and the addition of a vocoder/multi voice polyphonic sequencer. NOTE: The free sample file is 64 samples in length (64 steps). The sam 77a5ca646e
