Receipt Manager is the receipting/donor management tool that you and your peers have been waiting for. You'll now be able to manage/donate/receive receipts for your business in one place, and have one central source for all your charity and volunteer activities. This easy to use yet powerful system is packed with features that makes it simple to use and setup. Use

this to... ? Automate your receipting system with human interaction as a back-up, allowing for high speed processing in the rare event of a power outage. ? Include your volunteers and charities in a single, centralized database. ? Produce automatically generated reports showing in real time how well your organization is performing. ? Don't spend your time manually inputting information to several separate programs and spreadsheets. ? Provide

detailed financial information about your organization as well as donors and recipients.

- ? Track your organization's giving down to the single dollar donation.
- ? Facilitate easy processing of multiple receipts, including the new 'split receipt' requirement of the Canadian Revenue Agency.

Receipt Manager Features:

- ? Setup a donor or volunteer card
- ? Account administration
- ? Donor and Volunteer Management
- ? Enhanced computerized receipting
- ? All report

generation has been automated and no longer require the user to enter information manually ?

Better data management with the ability to import to a SQL server. ? Better performance with faster data processing ? Improved security features ?... and much more

time? We've had a system that tracks donations over time, but the tracking features are pretty basic. We would like something that would allow us to break out donations by month, or by year. I've been looking at the information in excel, but haven't been able to figure out the process. We're just using it as a database to track donations, so it can be as manual or automated as possible. Any suggestions? Thanks, Ernie Do you know of any programs that can help

Receipt Manager is a feature rich, charitable receipting package for non-profit Canadian businesses. This program strives to conform to the new 'split receipting' requirements of the Canada Revenue Agency, and provides small to medium sized non-profit businesses with the means to issue computer generated charitable tax receipts. Receipt Manager focuses on providing computerized

receipting capabilities to businesses who do not require the additional functionality, or cannot justify the higher cost, of larger Donor Management Systems. Give Receipt Manager (Canadian Edition) a try to see what it's really capable of! NOTE: In order to access the application you have to use this password: D0n@t3 NOTE: You will need to have a company number and a valid tax receipt to be able to set up this database. Receipt Manager (Canadian Edition)
